EVERY COUPLE HAS A LOVE STORY. LET US TELL YOURS. | Your wedding is a unique reflection of you. That's why we love getting to know you, and your wedding details, personally. Knowing your wedding day dreams enables us to create authentic images that reflect the real you.

Our style produces images that reveal the intimate and authentic expressions of the love and commitment you share. Unguarded. Natural. Emotional. The cherished images of a lifetime.

We would love to tell your love story.

Choosing Your Photographer

BRINGING YOUR WEDDING MEMORIES TO LIFE. | You have hundreds of wedding plans to make. Deciding who will bring your memories to life is one of your most important. When the flurry and excitement of your wedding is over, it's beautifully captured images that help you revisit the romance, emotion and spirit of an event that passes so quickly.

So, how do you choose the best wedding photographer for you?

Once we confirm the details, we'll prepare your contract. After you return your signed contract and deposit, we're your wedding photographer!

THE NEXT STEPS — WHAT YOU SHOULD EXPECT

We are available at any point during your wedding planning to answer questions, but in general:

Engagement Sessions

SHOW YOUR LOVED ONES HOW IT ALL BEGAN. | Engagement sessions add so much to the story of who you are as a couple right now, and they're an ideal way to become more comfortable in front of our lens before your wedding day.

Your engagement session can be as simple as a stroll through your favorite park, an intimate meal at your favorite café, or even a romantic return to where he proposed — anything you can imagine to share the imagery of your personal love story.

Formal or informal, images from your engagement session are beautiful additions to your wedding album, and also make a wonderful signing book. They help to craft the whole story, and can even be used for save-the-date cards, invitations, or thank you cards.

Your Wedding Timeline

A SMOOTH FLOW TO YOUR SPECIAL DAY. | Memorable weddings don't just happen. They take a bit of organization. To ensure a smooth flow of beautifully captured memories of your day, a timeline of wedding events will help guide your planning.

GETTING READY

1.5 to 2.0 hours

Plan for some additional time for photos at the salon or where you are getting ready. If you're planning a "first look", factor this into your pre-ceremony timeline.

THE WEDDING CEREMONY

15 minutes to 1.5 hours

The length of your ceremony may vary widely. Afterward, allow more time for formal portraits (if planned) and to allow your guests to leave the church or venue.

FORMAL GROUP & FAMILY PORTRAITS

30 minutes to 1.0 hour

Formal portrait timing can vary widely depending on group size and family/group combinations. We will figure out the most precise order in which to photograph the groups so that it only takes as long as necessary.

WEDDING PARTY & THE NEWLYWEDS

1.0 to 2.0 hours

Timing can depend largely on the venue, size of the bridal party, and variety of poses. This can also be broken up so that some are done before the ceremony and some afterward.

THE RECEPTION

2.0 to 6.0 hours

Your first dance, cutting the cake, dancing guests, friends and family sharing your joy.

Remember. Your wedding day is unique, and planning together ensures you don't miss a minute of this special time in your lives.

Details, Details

SOMETHING BORROWED, SOMETHING BLUE. | The dress. The rings. The cake. The bouquet. These, and all the other visual details of your wedding, are small but oh-so-meaningful expressions of all that is unique about you. They are the fine points that distinguish you as a couple, and form the visual texture of tender memories. We will document them with care.

THIS DAY I WILL MARRY

MY FRIEND.

THE ONE I LAUGH WITH,

LIVE FOR, DREAM WITH, LOVE.

Frequently Asked Questions

How do we know which photographer on your staff will be photographing my wedding?

You will meet with your lead photographer at contract signing. Depending on which collection you have selected, a second photographer may be also be added to your wedding day staff.

How much time should I account for portraits when planning the timeline for my wedding?

This varies a lot from wedding to wedding, which is why we send you a questionnaire prior to your wedding to find out who you would like to take portraits with in addition to the bridal party. Once we see your answer, we can give you recommendations about how much time to reserve. The best advice is not to rush through your portrait process. Save enough time to get the kind of portraits you want!

Is one photographer enough to cover my wedding day?

If you select a skilled and experienced photographer, it will be more than enough. Just keep in mind that one person cannot be two places at once, so if there are particular moments in the day that you would like to have photographed, be sure to note that for your photographer. Communication is key to success. You can always add a photographer to your package, either for the whole duration or just for a few hours.

Do you recommend doing a "first look"?

"First looks" can be a powerful and emotional, which make them particularly special for photographs. These can be done with your future spouse, parents, children, or even the bridal party. We typically recommend doing a first look if you want to have a few private moments prior to the wedding, or simply if you would like to do portraits prior to the ceremony.

Is it really that important to have a photographer there while we are getting ready?

This is a really common question, especially since the cost of wedding photography is based on time. We find that there are many sweet, intimate interactions during preparation, and it is a perfect time to take photographs of some important details like your rings, dress, flowers, and decorations. Also, the vast majority of our brides want to be photographed while putting on their dress.

Is it important to have a coordinator?

ABSOLUTELY. As a photographer, we find that weddings go much more smoothly when a coordinator is in the mix. This way, we do not have to bug you with little details or questions while you are trying to enjoy your wedding day. A real coordinator will be your point person and buffer against wedding day stress!
